To whom it may concern

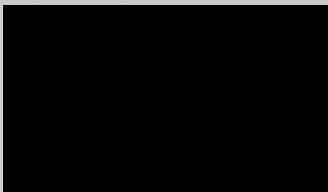

Banff and Macduff Men's Shed

We would like to do send a letter of support from Macduff School for an application they have put in.

The Men's Shed helped 6 and 7 year olds tidy up a garden area by removing large wooden tables and clean up the garden area. We contacted them one evening, they came the next day to see the 'job'. The following day everything was removed.

They also gave advice and helped with a primary 4 class with their project.

Many thanks

Head Teacher
