Letter Of Support - Banff & Macduff Men's Shed

Over the course of the last year we have had the pleasure of working along with and beside various members of the above Shed.

They have always been a cheery, willing bunch of individuals who are always keen to help in the Community.

Not only do they give a Helping Hand to so many different groups and organisations locally; their Shed is a great environment for men of all ages to meet up, sit down and chat with others - something that is so important but is often forgotten about nowadays.

I think the Banff and Macduff Men's Shed is an important organisation within our local Community and is fast becoming other groups 'go-to' and should be and deserves to be supported.

Lynn Rae
