

Aberdeenshire Council Town Centre First Principle

Town centres are a key element of the economic, social and environmental fabric of Scotland's towns; often at the core of community and economic life, offering spaces in which to live, meet and interact, do business, and access facilities and services. We must take collective responsibility to help town centres thrive sustainably, reinvent their function, and meet the needs of residents, businesses, and visitors for the 21st century.

Aberdeenshire Council will put the health of town centres at the heart of proportionate and best value decision making, seeking to deliver the best local outcomes regarding investment and de-investment decisions, alignment of policies, targeting of available resources to priority town centre sites, and encouraging vibrancy, equality and diversity.

We commit to:

A collaborative approach which understands and underpins the long term plan for each town centre.
