Subject: The BBT committee have worked along side Craig Trail and his sea cadets...

Sensitivity: Normal

---

The BBT committee have worked along side Craig Trail and his sea cadets for nearly two years now and can truly say they are a very hard working company. To have them located in our town would be a huge bonus as they have such a strong community ethos. It would also give the company such a sense of finally belonging to the town to have their own premises and making the place their own.

Im sure if located in the town they will go from strength to strength and will commit even more time to community based projects.

It would also make it easier for them to reach out to the youth and hopefully attract even more to join up and get on to a really good path.

BBT committee can not wait to see what lies in the future for our collaborations and what's next for our town once they are located permanently here.

Yours sincerely

Ainsley dyga

Chairperson of Broch Businesses Together
