# Our Views

**1. Do you think that Fraserburgh North and St Andrews should join together?**

• Yes • No

## 2. What would be the good things about the schools joining together?

However I still have a positive review, cause children can make new friends and leading to children being more social, playful and best of all more enthusiastic.

### 3. What would be the bad things about the schools joining together?

I'm going to be sad because I really like the  
School. This is the best school for me. I think I'm  
going to stay because I am scared and bad English.  
I think the new staff will be nice and the new  
teachers. I still think it's going to be excited  
and exciting. I think am not going because I will  
be in high school. I think the new school is going  
to be done on day the school in 2020.

amount of pupils

Davydas  
I think it's a bad idea because  
the classes would have too much people  
and the teachers would be interrupted every  
second. And I think the little ones  
would get lost. Also I think it'll be  
very noisy.

New

In the future the council will build a new school at the Accessmy playground, Fraserburgh north sch and Saint And. We will be shut down and both schools will be merged in to one big school. You will be able to meet new people and have a bigger canteen and more room for PE.

The school will have better security such as better security cameras, better fences etc. The school may also have multiple floors and separate playgrounds for different children.

The head teacher can be voted for by the pupils. However some people might get anxious because of everyone in the school. It should have more laptops, iPads etc. The food will be better.

Better playground

4. Is there anything that excites you about moving to the new school?

The school is going to be big. The new uniforms are going to be cool. I think there are going to be maybe going to Emergency if something happened.

people think it will be good because  
can connect with. Also meet new people at the academy  
talk go to it on their breaks and  
with siblings.

I think it would be scary for younger children also I think its sort of bad cause since St Andrews and North school are mixing classes could overpopulate and it could cause a few problems.

TOO big. It's gonna to be way too  
too big to fit 2 schools. It's  
gonna to be <sup>to many people</sup> very loud.  
plus the schools are

## 2025 School

Plans, <sup>Naomi</sup> Zebou

There is going to be a new school in 2025. Right answers are, Frasierburg north. School are going to team up and make this school and the original schools are going to split down. The good things about it is this, you can meet new people and make new friends. Some of the bad things are that people could get scared to go to a new school. Now I'm going to talk about things they should add.

First thing I think they should add is more wheel chair/disabled accessibility. And also, some more teachers for all the different subjects. And to add to it they should make changing rooms and a bigger gym hall.

And the things I think they should not add is stairs because of people who have disabilities like autism and other things. And more disabled toilets because one time I saw 5 people trying to go to the toilet at once, one more thing is that they should add more fans and open the windows more often!
