Section of Attention: Hatton of Fintray (p25-28)

- GR013 : I strongly agree with the reports comments that this land does not meet the Planning Objectives for Hatton of Fintray. Developing here would negatively affect the character of the village, which would be irreversible and does not offer supportive facilities to the existing village. The land is designated greenbelt, is annually cultivated, impacts the villages natural flood defences and currently contributes towards the distinctive character of the village, as it is.
- GR107 : I agree with the reports comments that this land is not preferred for development. It's visual prominence on the hillside means any development here would have a negative impact on the character of the village.
- GR108 : I agree with the reports comments that this land is not preferred because damaging its current wooded appearance and greenbelt status would have a negative impact on the character of the village.
- GR044 : I agree this land meets the Planning Objectives to meet local housing need in the village and sits integrated into the current village boundary. It is not visual from the main aspects of the village, so character of the settlement would be preserved.
Developing 32 homes allocated here will over populate the current local facilities and basic infrastructure and overloads the local housing need of the settlement.
Current owners have drawn plans allocating
