Beatties Hill KN068

I agree with the Development Planning Officers view that this proposed development is totally unsuitable for such an historic area. The development is set in a very prominent position on a hill within a rural area and it would be impossible to screen this from the wider historic landscape of Fetteresso with its many listed buildings

The Scottish Office reporter also expressed these views when he commented on the 2017 Local Area Development Plan about developments west of the Loop Road “developments to the west side of the road would be detrimental to the essentially rural character of this location.
