### Your comments

With reference to proposal site references KN112 and KN113 bids at Gallaton for the next Aberdeenshire LDP I write to request these sites be included particularly as the LDP should represent both rural and urban submissions.

The sites would be an addition to a cohesive group of 6 existing houses and would show a connectedness with them. Demand for housing in the area is good and social benefits such as maintaining local school role numbers and adding to the already excellent support of the local community. Economic benefits in construction employment.

There would be no environmental impact to the site or surrounding landscape.

In terms of design it is anticipated that any houses would have a lower roofline than the existing houses to lessen the impact of the site as a whole and be located without detriment to the existing properties in terms of privacy and overshadowing.
