Fair processing notice

Please tick to confirm your agreement to the following statements:

By submitting a response to the consultation, I agree that Aberdeenshire Council can use the information provided in this form, including my personal data, as part of the review of the Aberdeenshire Local Development Plan. This will include consultation on the Main Issues Report (including any subsequent Proposed Plan).

I also agree that following the end of the consultation, i.e. after 8 April 2019, my name and respondent identification number (provided to you by Aberdeenshire Council on receipt of your submission) can be published alongside a copy of my completed response on the Main Issues Report website (contact details and information that is deemed commercially sensitive will not be made available to the public).

The data controller for this information is Aberdeenshire Council. The data on the form will be used to inform a public debate of the issues and choices presented in the Main Issues Report of the Aberdeenshire Local Development Plan 2021. It will inform the content of the Proposed Aberdeenshire Local Development Plan.

Aberdeenshire Council will only keep your personal data for as long as is needed. Aberdeenshire Council will retain your response and personal data for a retention period of 5 years from the date upon which it was collected. After 5 years Aberdeenshire Council will review whether it is necessary to continue to retain your information for a longer period. A redacted copy of your submission will be retained for 5 years beyond the life of the Local Development Plan 2021, possibly until 2037

Your Data, Your Rights

You have got legal rights about the way Aberdeenshire Council handles and uses your data, which include the right to ask for a copy of it, and to ask us to stop doing something with your data.

If you are unhappy with the way that Aberdeenshire Council or the Joint Data Controllers have processed your personal data then you do have the right to complain to the Information Commissioner’s Officer, but you should raise the issue with the Data Protection Officers first. The Data Protection Officers can be contacted by writing to:

- Mr Andrew Lawson, Data Protection Officer, Aberdeenshire Council, Business Services, Town House, 34 Low Street, Banff, AB45 1AY

Your comments

I oppose the application MR076 because it is bad for the local athletics club which both my children have attended (BSAC):

- 1) BSAC's existing site at Alexander Park has recently been developed with considerable financial support from Sport Scotland, Aberdeenshire council and the local community.
- 2) Alexander Park is sheltered – the alternative site at Woodend is extremely exposed and windy and any tree planting will not provide sufficient protection for 20+ years.
- 3) BSAC is currently the primary user of Alexander Park at a pepper-corn rent. Any new facilities are likely to be shared with other sports, with potential costs and conflicts of interest.
- 4) Despite assurances, there is no guarantee of equivalent facilities being provided at Woodend.
- 5) The move will involve considerable extra work for the committee - all of whom are volunteers with limited time.

I also oppose MR076 because it is bad for Banchory:

- 1) Alexander Park is currently designated as a 'P1 protected site' due to its importance as a community recreational facility. The developers wish to overturn this protected status.
- 2) Recreational facilities should be maintained in West Banchory for the public - there is no advantage in concentrating all sports facilities in one location at Woodend.
- 3) The existing facilities of Alexander Park and Burnett Park, with the cricket, tennis, athletics, curling and archery clubs represent a well-established community sports hub and a valuable community resource.
- 4) Yet another green space will disappear, altering the character of West Banchory/Corsee woods area and turning Banchory into an even larger town, altering its character fundamentally.
- 5) The housing will result in an increased numbers of car journeys, both for work-commuting and day-to-day activities, resulting in increased air pollution, congestion and CO2.
