Subject: Local Development Plan 2021 MR028 Field at Birsemore , Birse, Aboyne

I refer to my e-mail to you dated 11th May 2018 which detailed my objections as a resident to the above bid to build houses in the field opposite my house .

I also refer to our letter as residents and the wildlife report by [REDACTED] which was submitted on our behalf thereafter by Birse Community Council to you.

I understand the proposal is now part of the consultation process and I wish therefore to restate my objection to the proposal on the same grounds ie any development will significantly detract from the rural character and amenity of the area, the local habitat of the wildlife will be affected and that there is still an oversupply of housing available in the Aboyne and surrounding areas.

I understand also that the view of the planning official (Marr Settlement appendix p.8. Aboyne conclusions) that, within Aboyne at least , "there is not a need for further allocations in Aboyne "

Thanks.
