Site GR015 - South of Insch Railway Station, Insch

Our Client notes that their site GR015 be Reserved, but is not preferred for immediate development, in the recently published Main Issues Report, as part of the Aberdeenshire Local Development Plan 2021.

They ask the council to consider bringing forward early this allocation, to the first phase of the plan period, for immediate delivery. As an update, the site owners met with officials from Network Rail in March 2019 to discuss the early delivery of the additional station car park together with disabled access to the station. On that same day Network Rail official met with local councillors to progress these discussions. Plans for delivery of these facilities at Insch Station are well advanced with Network Rail.

For these reasons we ask that consideration be given to this site being brought forward to ensure the early delivery of this vital piece of community infrastructure.
