Your comments

I am contacting you to express my concerns about the proposed planning application for 18 houses in Oyne, near the Gadie Burn.

There is already permission for 3 houses at this site, which has not been popular and the sites remain on the market.

The access is onto a narrow road that has a speed limit of 60mph that has poor visibility both at the Oyne village junction and onto the A96 at the other access point.

There are already issues with flooding at this section of the Gadie Burn and developing the field which runs down into the burn would only increase this risk.

There is no mains sewage in Oyne and 18 more houses with soak aways into the burn would add to the pollution of this waterway.

There are already several plots for development in Oyne that have been on the market for several years and loss of agricultural land to create more unwanted building plots is not warranted in Oyne village.
