**Your comments**

Hello,  
I am the owner of two sites at Memsie, near Fraserburgh, covered in the Main Issues Report consultation document 2019 (ages 41-45).

**Site BB010 OP1:** I request that this site is reallocated into the next Local Development Plan. I welcome your indication that this site is suitable for the development of 15 homes.

**Site P3:** I note your comments regarding Aberdeenshire Council's no plans to build a school on this site.

Given that no school will be built in the foreseeable future, I would request that this site P3 is reconsidered for housing development. I would like to address your comments in the consultation document regarding "this site is unsustainable and will encourage car dependency."

In terms of being "unsustainable", you have set out that the Memsie area is suitable for a total of 50 new homes (15 of which are on my site above, OP1). Excluding this allocation, the remaining 35 new homes will be build much further away for the centre of Memsie.

I propose that this site P3 is a much more suitable location for some or all of these additional 35 new homes given its proximity to the centre of Memsie.

In terms of "encouraging car dependency", the fact that this site P3 is much closer to the centre of Memsie and is on a main bus route would actually alleviate car dependency compared to the proposed sites for the remaining 35 new homes, which are physically much further away.

I request that you reconsider the designation of site P3 in the new LDP.

Thank you.
