Your comments

- With reference to the development sites within Torphins I would like you to note the following**
- **The sites which have already planning permission in my view must be developed before any other sites are earmarked because no one knows the demands and this is unfair having this hanging over a community continually**
 - **The sites with permission have the least effect on the village setting and clearly this is why they were passed**
 - **Sites MR005 and MR034 and MR035 and MR036 all have a detrimental effect on the village setting visually and environmentally**
 - **Please hear the voices of the community and do not over populate us when the school, Dr and other services may not cope with more housing**
 - **An example is that the school in Torphins have lost much of their originally agreed playground to accommodate temporary classrooms**
 - **Concerns too as to whether the DR could cope with the increase**
 - **Concerns that the wildlife near the water would suffer**
 - **All utilities would need upgraded**
