Your comments

Dear Sir / Madam,

I would like to raise a concern as to the loss of site "P7" behind the houses of Alder Tree Road and Larch Tree Crescent between the 2017 report and this new report.

The P7 zone is there to act as a buffer of woodland to I presume a) protect the wildlife that resides there, including deer, red squirrels, bats, woodpeckers and provide a band of woodland that offers the houses privacy and a green space for the whole community to enjoy.

We have been made aware of an intention by Barcon Homes to clear these woodlands in order to put in a fairly major distributor road, which I feel strongly would be a disaster for the local residents, the wildlife that reside in the woods and the local community, for whom this is one of the few areas left that can be used recreationally (and educationally for our children) without having to drive.

Please re-consider the removal of the protected status of this woodland in the best interests of the community and residents, regardless of whether Barcon's intended road goes through planning or not.

Best Regards,
