1. LICENSING POLICY STATEMENT

INTRODUCTION

- A. Section 6 of the Licensing (Scotland) Act 2005 (“the Act”) requires every Licensing Board to prepare and publish a statement of their policy to assist in the implementation and administration of the licensing of the sale and supply of alcohol within their area and to outline the way they intend to exercise their functions under the Act.
- B. The primary purpose of the Policy Statement is to ensure that, in exercising its functions, the Board promotes the licensing objectives, as shown on the previous page. Scottish Government Guidance further provides that Policy Statements should provide local communities with a clear indication of the Boards’ policy as well as being consistent with the licensing objectives.
- C. To that end, this Policy Statement sets out the South Aberdeenshire Divisional Licensing Boards’ (“the Board”) general approach to decision making under the Act.
- D. Where it is necessary to provide more detailed guidance, Supplementary Statements will be issued.

GENERAL PRINCIPLES

- E. In exercising their functions under the Act the Board is required to have regard to this Policy Statement.
- F. **The Board will consider all applications on their merits within the context of this Policy Statement. In particular, the Board will give due consideration to an application whether or not it conforms to any requirements set out in this Policy Statement. However, applicants wishing to persuade the Board to depart from this Policy Statement will need to demonstrate, by means of evidence, good reason for so doing, and in particular, evidence how a departure will comply with, and promote, any or all of the five licensing objectives.**
- G. The Board expect all applicants to show how they will conform to the licensing objectives and, in particular, how they will do so in the context of the circumstances pertaining to the locality of the applicant premises.
- H. The Board acknowledge that their licensing powers are not the main statutory mechanism for dealing with anti-social behaviour and nuisance but will work in partnership with organisations that deal with such issues to assist in delivering shared outcomes.

- I. The Board is adopting a partnership approach to alcohol and alcohol issues within South Aberdeenshire in order to work more pro-actively at local level and, to demonstrate on a more practical level how the Board will adhere to and promote the licensing objectives. In doing this, the Board has carried out extensive consultation, as outlined in supplementary statement 2 to this Policy. The Board has also reviewed the terms of this policy to set out achievable and measurable outcomes going forward. The policy will establish a baseline in relation to outcomes and this will be supported by annual reports to the Board to continually review the success of the policy or to revisit outcomes which are not achieving the intended effect.

CONTEXT –SOUTH ABERDEENSHIRE

- J. A profile of the Board’s area is contained in **Supplementary Policy Statement 1** to this Policy Statement.

PREPARATION OF POLICY STATEMENT

- K. The Board has consulted with a wide variety of persons and partnership organisations in preparing this Policy Statement. The Board has also reviewed this Policy Statement having regard to a wide range of documents and evidence.
- L. These are outlined in **Supplementary Policy Statement 2** to this Policy Statement.

THE LICENSING OBJECTIVES

- M. The primary purpose of this policy statement is to ensure that the Board promotes the Licensing Objectives in exercising its functions.
- N. This being of primary importance, the Board has set out at **Appendix 1** to this Policy Statement, how they aim to achieve this, what actions will be taken to deliver these aims, what outcomes are expected, how these will be measured, and any local conditions required to assist compliance with the licensing objectives.
- O. The Board has discretion to apply conditions to a premises licence. In doing so, the Board must have regard to how additional conditions relate to the mandatory conditions set out in the Act, Regulations, Orders, and any other Instruments set out in terms of the Act.

OVERPROVISION

- P. The Board has published **Supplementary Policy Statement 3** to this Policy Statement, setting out the extent to which they consider there to be overprovision of licensed premises (or licensed premises of a particular description) in any locality within the Board’s area.

OPERATING HOURS

- Q. The Board considers that the operating hours set out in **Supplementary Policy Statement 4** meet the needs of businesses to routinely trade, while, at the same time, not impacting on the needs of the community in such a way that would be detrimental to compliance with the five licensing objectives.

RELATIONSHIP WITH OTHER REGIMES

- R. Guidance indicates that the Board should provide clear indications of how the Board will take into account other matters relating to alcohol.
- S. Detailed guidance is provided in **Supplementary Policy Statement 5** to this Policy Statement.

TRANSPORT

- T. Guidance requires this policy statement to identify any arrangements between the Licensing Standards Officer and the Police for reporting views/concerns to the local Transport Committee, which in Aberdeenshire is the Infrastructure Services Committee. Detailed information is provided in **Supplementary Policy Statement 6** to this Policy Statement.

TOURISM, PLANNING AND BUILDING STANDARDS

- U. Guidance requires this policy statement to identify any arrangements between Visit Scotland and the Board, regarding reports on the needs of the local tourist economy. Detailed information is provided in **Supplementary Policy Statement 7** to this Policy Statement.
- V. Guidance also indicates that planning, building standards and licensing regimes will be properly managed to avoid duplication and inefficiency. This has been covered in **Supplementary Policy Statement 5**. [See above paragraph on Relationships with other Regimes].

DUPLICATION

- W. The Board is committed to avoiding duplication with other regulatory regimes in so far as it is reasonably practicable for them to do so.

LICENCE TYPES, PROCEDURES, ENFORCEMENT AND SERIOUS MATTERS

- X. **Supplementary Policy Statement 8** sets out information on licence types, Board's procedures and decision-making powers, enforcement action, and the matters the Board considers to be serious in determining applications.
- Y. Information previously outlined in this Supplementary Policy Statement relating to the management of licensed premises has been removed. This has, instead, been incorporated into Appendix 1 of this Policy Statement as management of licensed premises should fundamentally be about promoting the licensing objectives.

LICENSING STANDARDS OFFICERS

- Z. Licensing Standards Officers (“LSOs”) are employed by Aberdeenshire Council and have the functions set out in the Act. Their role is threefold – guidance, mediation and compliance. They are also members of the local Licensing Forum for North Aberdeenshire.
- AA. Licensing Standards Officers work with the Public, the Council’s partners and the business community in seeking to promote the licensing objectives and ensuring compliance with the law. They are also members of the Local Licensing Forums for South Aberdeenshire.
- BB. Four Licensing Standards Officers are employed within Aberdeenshire. They are based in Banff, Peterhead, Inverurie and Stonehaven and are authorised to work in all Board areas.

INFORMATION ON MEMBERS CLUBS

- CC. Information relating to Members Clubs is set out in **Supplementary Policy Statement 9** to this Policy Statement.

INFORMATION ON EXCLUDED PREMISES

- DD. Information relating to excluded premises is set out in **Supplementary Policy Statement 10** to this Policy Statement.

HOW TO MAKE COMMENT ON THIS DOCUMENT

- EE. Consultation on this document took place between June 2013 and February 2014. The Policy was published in June 2014 and will be applied during the 3-year period until November 2016. It will be kept under review and revised, if appropriate, by the issue of supplementary Policy Statements that will apply to the end of the 3-year period.

APPENDIX 1 TO POLICY STATEMENT

Aberdeenshire Licensing Boards
South Aberdeenshire Divisional Licensing Board
Licensing Objectives
30th November 2013 – 29th November 2016

1. The Board expects applicants to give consideration to the promotion of the licensing objectives.
2. The Board considers that licence holders and their staff should operate their business in a manner which is consistent with the 5 licensing objectives. There are various aspects of running licensed premises which are of particular concern to the Board.
3. Applicants should consider certain areas of operation in assessing how to comply with the licensing objectives. The Board wish to offer some guidance to applicants in relation to how to achieve this in practice. This Appendix sets out that guidance, under the heading of each of the five licensing objectives. Applicants should note, that information listed under one objective, may be relevant under other objectives. The Board has cross referenced this information under each appropriate objective heading.
4. Guidance contained within this Appendix is not exhaustive.

A: PREVENTING CRIME AND DISORDER

1. The Board supports a strategy aimed at making each area a safe place to live in and visit. The Board is committed to improving the quality of life for the people in each area by ensuring that licensed premises are run in such a way as not to contribute to crime and disorder.

Applicants must demonstrate that they will address problems such as:-

- (a) Underage drinking
- (b) Drunkenness on premises
- (c) Public drunkenness
- (d) Illegal possession and/or use of drugs
- (e) Violent behaviour
- (f) Anti-social behaviour
- (g) Litter
- (h) Misuse of non regulated psychoactive substances

Premises Providing Late Night Entertainment

2. Nightclubs are an important contributor to the night-time economy and involve a substantial investment in both facilities and entertainment. They tend to be places where patrons arrive from other licensed premises.
3. In light of this and the 5 licensing objectives, the Board may impose conditions on the licence of a premises which in its view provides significant entertainment.
4. Please note that holders of premises licences are encouraged to read the "Safer Clubbing Guide" found by following the link below;
www.crimereduction.gov.uk/drugsalcohol/drugsalcohol49.htm
5. The Board may also impose conditions in relation to the use of CCTV and door supervisors at such premises.

Dispersal Policy

6. Many occurrences of crime, disorder and public nuisance occur at or immediately after the terminal hour for the supply of alcohol. Licence holders must ensure that they and their staff have sufficient measures in place to ensure patrons exit the premises as quickly as possible, in good order and as quietly as possible.
7. Measures may include limiting the amount of alcohol sold just before the terminal hour, e.g. only permitting a group to purchase one round, not two; making sure all patrons know well in advance the latest time for purchasing alcohol is approaching, covering bar taps once the terminal hour has passed; raising the lighting level and inspecting all parts of the premises for patrons.
8. The Board expect all night clubs to have a written dispersal policy in place.

Door Supervision

9. The Board, taking into account the licensing objectives of preventing crime and disorder, securing public safety and preventing public nuisance, may consider door supervision appropriate. Whether or not door supervisors are to be required and, if so, the number of door supervisors, the occasions they must be present, the hours they must be present, and possible specification of particular duties and functions will be assessed according to the merits of each individual application.
10. Applicants are reminded that all door supervisors must be registered with the Security Industry Authority under the Private Security Act 2001. To employ a door supervisor who is not registered is a criminal offence. Licence holders involved in what is termed "manned guarding activities", whether or not door supervisors are used, may also have to be registered. Applicants should contact the Security Industry Authority for further information.
11. Additional information can be obtained from the SIA website at:-
www.the-sia.org.uk

Proof of Age/Underage Drinking

12. The Board strongly support the use of any ID card bearing the Proof of Age Standards Scheme logo (PASS logo) available to all young persons under 26. To protect children and young persons and avoid crime, it is now a mandatory condition attaching to all Premises Licences that there must be an age verification policy in relation to the sale of alcohol within the premises.
13. Licence holders are therefore strongly encouraged to practice due diligence to avoid underage sales. Due diligence will include:
 - Having an ID policy, for example to require ID if the customer appears under 25. This should also include clear signage to leave customers in no doubt as to the policy.
 - Training staff in the policy and use of the policy
 - Ensuring that staff and customers comply with the policy
 - Keeping records regarding compliance including refusals.

CCTV

14. The use of CCTV on premises can be an important measure in complying with the licensing objectives, particularly in (a) preventing crime and disorder and (b) preventing public nuisance. Digital CCTV systems are readily available which may include both internal and external camera coverage of the premises. The Board supports the use of such systems and encourages licence holders to make use of these. Where used, such systems must be kept in proper working order at all times, all licence holders and staff must be able to operate the system, and images shall be kept for at least seven days and made available to Police Scotland on request. CCTV systems not kept in working order may result in the Board calling for a review of the premises licence for the particular premises.

Any CCTV system in a premises offering late night entertainment must be installed to the satisfaction of the Chief Constable. Information on the standards of system acceptable can be found on the Board's website at:-

Radiolinks, Pubwatch & Shopwatch

15. In those areas where it is available, Radiolink, Pubwatch and Shopwatch can be of assistance to Licence holders and their staff in preventing crime and disorder and public nuisance. The Board support the use of such schemes and other initiatives such as Safer Towns initiatives. The Board encourage all licenceholders to act responsibly by actively participating in such schemes. The Board also support the Best Bar None scheme and would encourage all licensed premises to participate. It helps to drive up standards both in facilities and the manner in which licensed premises are operated, which the Boards believe directly supports the 5 Licensing Objectives.
1. Applicants must consider excluding known troublemakers from their premises to minimise the risk of disorder. In certain cases organisations of licensees must consider the operation of an exclusion, or banning, scheme so that known troublemakers are refused entry to all licensed premises in a particular vicinity. If such a scheme is in force locally, applicants should consider whether to become part of it. In exceptional cases applicants may seek to refer a particular case to the Board for review or to the police for consideration of an Anti Social Behaviour Order (ASBO) to enforce an exclusion.

Glassware and Bottles

16. Given that glasses and bottles may on occasion be used as weapons, applicants must take reasonable steps to prevent their removal from premises (including authorised pavement seating areas and beer gardens).
 - (a) Generally speaking, Applicants must consider, where appropriate, the use of plastic containers or toughened glassware.
 - (b) Applicants should consider policies which provide that, on appropriate occasions, all drinks are dispensed into plastic containers and that at certain times during late hours of operation and/or when significant numbers of people are on premises, there is exclusive use of toughened glassware and plastic bottles.
 - (c) The Boards consider that the use of glasses or glass bottles may give rise to serious injury to patrons or the public due to the locality of the premises, nature of operations or type of patron likely to frequent the premises. The Boards may impose a condition requiring that drinks be served in plastic glasses or bottles.

2. Licence holders must also recognise that they have a responsibility to the amenity of the community they serve.

Noise

3. Licence holders are expected to be aware of the impact on neighbours of noise from their premises and are expected to take reasonable steps to prevent noise nuisance. Steps to be taken may include sound tests, installation of a sound limiter, soundproofing, keeping doors and windows closed, door staff to ensure patrons leave quickly and quietly, timing of outdoor entertainment in beer garden areas; notices at exits asking patrons to leave quietly.
4. Noise from amplified and/or non-amplified music, singing and/or speech sourced from licensed premises should not be audible in any adjoining or neighbouring property after 11.00 p.m.
5. In considering applications from pub, clubs and similar premises and activities the Board expects licence holders to have regards to any guidance published such as the Good Practice Guide on the control of noise from pubs and clubs published by the Institute of Acoustics (available to purchase at:

Queues

7. Applicants should consider the steps to be taken to prevent queuing (either by pedestrian or vehicular traffic). If some queuing is inevitable then queues should be formed away from neighbouring premises or be otherwise managed to prevent disturbance or obstruction, for example, making provision for queuing inside the premises.

Transport

8. Applicants should consider whether there is sufficient provision for transport for patrons. Failure to do so may result in nuisance due to patrons loitering in the vicinity of the premises, particularly after closing, and this will be considered a serious failure.
9. Applicants should consider whether the service of the premises by licensed taxi or private hire vehicles is likely to disturb local residents and take reasonable steps to prevent disturbance from this source. Examples of actions that can be taken include arrangements for door staff to advise customers that their transport has arrived and phones in entrance lobbies perhaps linked directly to a private hire company.

 - s) Context of alcohol displays in relation to other permitted products
2. The Board expects applicants to promote sensible drinking. The Board also expects applicants to apply an appropriate drug policy such as "Drugs on Licensed Premises" Published by Scottish Business Crime Centre (now re-named Business Resilience Centre).

Irresponsible Drinks Promotions (numbering?)

4. Measures stipulated by the Act include a prohibition on varying prices within a 72-hour period of a prior change and irresponsible promotions such as “happy hours”.
5. The Scottish Government has revised the requirements in relation to irresponsible drinks promotion. Details of the requirements are listed at Condition 13 of the Mandatory Conditions attaching to Premises Licence, which can be accessed at www.aberdeenshire.gov.uk.
6. The Board requires clear evidence linking the sale of alcohol to an inducement to the consumer to immediately drink to excess before a promotion will be considered as possibly irresponsible.
7. Initially, complaints will be dealt with at a local level by the LSO, who will mediate between the Licence holder and the Board to agree whether or not any promotion breached the mandatory licence conditions. It is hoped that these cases can be resolved in discussion between the LSO and the Licence holder without any sanctions being applied by the Board.
8. However, where the Board feel that further action is appropriate, they will instigate a review hearing to determine what action, if any, needs to be taken against the licence holder concerned.

Vertical Drinking

9. The Board is aware that there is some concern about so called ‘vertical drinking’ establishments. Particular attention will be paid to any applications for a premises licence where large numbers of patrons will be provided with standing accommodation in the premises. The Board expect such premises to provide patrons with seating for at least 25% of the maximum occupancy as assessed by Building Standards of the room in question in the premises.

Smoking

9. The Board refers Licence holders and staff to the following website:- www.clearingtheairscotland.com. Licence holders have been effective in ensuring that patrons do not smoke within their premises. However, other issues may arise in the area around the premises such as noise nuisance, litter disorder and smoke drift into neighbouring residences or back into the licensed premises. Licence holders and staff are expected to have sufficient measures in place to prevent such problems arising.

E. PROTECTING CHILDREN FROM HARM

1. The Board wish to see family-friendly premises thriving in each area. Where applicants wish to operate such premises, the Board expect them to appreciate that this places additional responsibilities upon them, at the same time recognising that parents and other adults accompanying children also have responsibilities.
2. The applicant must consider those factors which may particularly impact on children including:-
 - The provision of entertainment or services of an adult or sexual nature.
 - Members of staff who have convictions for serving alcohol to children.
 - Where the supply of alcohol for consumption on the premises is the exclusive or primary purpose of the premises.
3. Possible control measures include:-
 - Limitations on the hours when children may be present, in all or parts of the premises.
 - Limitations or exclusions by age when certain activities are taking place.
 - Imposition of requirements for children to be accompanied by an adult.
 - Acceptance of accredited proof of age cards with photographs, or passports.
 - Measures to ensure children do not purchase, acquire or consume alcohol.
4. The Board expect that employers will make careful checks where premises or entertainment is specifically targeted towards children to ensure all persons employed or involved with the supervision or management are deemed appropriate persons to be engaged in the activity. An example of such a check would be the completion of a Disclosure Scotland check to the appropriate standard.
5. The Board has an interest in promoting family friendly premises within South Aberdeenshire and wish to ensure that premises which seek to accommodate children are run in such a way that they are suitable for children.
6. Applicants will require to demonstrate understanding of the additional responsibilities placed on them when children are on the premises. Specifically, applicants will be expected to demonstrate that suitable and sufficient measures are in place to protect children from harm.
7. Parts of premises to which children and young persons are to be allowed entry will require to have a suitable character and atmosphere. Premises or parts of premises which are very small and enclosed are unlikely to be able to provide the appropriate environment. Also premises which have very few facilities are unlikely to comply with the Board's requirements. Toilets must be of a reasonable standard and reasonably accessible to the area to which children and young persons are allowed entry. The Board may not grant a premises licence or occasional licence where children would have direct access to those areas of the premises where there are pool tables, darts board or gaming machines.
8. The Board may impose conditions on a premises licence or in granting an occasional licence where children are to be allowed entry.

9. Licence holders are reminded that they and their staff must comply with all other legislation in relation to children and young persons.
10. In the case of 'children only' events, for example, an under 18 disco, production of play, a pantomime or similar event the Boards will usually recommend a specific ratio of adult supervisors to children that can be reasonably expected on the premises for the activity. The normal ratio will be one supervisor per 50 children plus one supervisor for each floor and one supervisor for each exit. As an example, this would mean at an event where 300 children are expected, taking place on premises which have 2 floors and 4 exits there would need to be 12 supervisors on duty throughout the duration of the event made up of 6 supervisors for the capacity of the premises, plus 2 for the two floors, plus 4 for the exits. Applicants may have higher levels of supervision if they wish.
11. In the case of premises giving film exhibitions the Board will expect licence holders or clubs to include in their operating schedule arrangements for restricting children from viewing age restricted films, classified according to the recommendation of the British Board of Film Classification or the licensing authority itself.

Underage Drinking

12. The Board also takes very seriously the issue of under-age drinking and wishes to remind licensees that they and their staff must not sell, or allow the sale of alcohol to children and young persons. This is a criminal offence.
13. It is also a criminal offence to sell or supply alcohol to a person over the age of 18 where it is suspected that the person will then supply that alcohol to a child or young person.
