- Concentration of cases in North East corner
- Workplaces are a key feature of the cases we are observing

# Common challenges: in all sectors

- People with COVID are part of our community – partners, children, other contacts and settings

## Cases

- Local businesses
  - Schools
  - Hospitality
  - Care homes
- Challenges with social distancing, PPE, breaks, travel, self isolating
  - Shared accommodation – work/study in variety of places
  - Work contract implications [shifts, salary during absence, temporary or contractor workforces] – impact on ability to isolate, understanding of measures in place
